

I'm So Excited

Blue System

Touch me baby
I want to make good love to youYou're my precious memory
You're my love, my destiny
Baby, I'm so scared I'll lose you
Heaven's just a sin away
Why you're hurting me this way
Baby, I'm so scared, I love you
Oh, you are so cool
Break my heart and treat me like a foolI'm so excited of this beautiful girl
Take your time to know me in this crazy world
I'm so excited of this beautiful girl
Love is like a river in this crazy world
Don't fool me, when it's time to make good love
I'm so excited, you're a wonderful woman
I'm so excited, you're a wonderful womanOh, your love is paradise
Stay with me tonight
See my deep emotions
Try a little tenderness
I'm dying for your kiss
See my deep devotion
Oh, you are so cool, baby
Break my heart and I'm just your fool
