

Searching

Kove

I hold my hand up to the light
I don't wanna be blind
I wanna see it all
The glorious sights Of the one I can't find
The one I can't find
Find, find...
Searching my whole life! (I don't wanna be blind, blind, blind...) I hold my hand up to the light
I don't wanna be blind
I wanna see it all
The glorious sights
Of the one I can't find
The one I can't find
Find, find...
That's why...

Searching my whole life! (I don't wanna to be blind, blind, blind...)
