

Hannah Hold On

The Get Up Kids

I never asked to be sorry
If it's over it's over for sure
I don't regret that I didn't want to
Remember what all this was for So this is all we can do
What news is in store?
How come starting over
Would be frowned on anymore? Hannah hold on
Hannah hold on
It's all been said
It's all been done I never witnessed bitter like this
You'd think I'd have shot in cold blood
If you won't admit it and I won't be around
Just so I hear the applause This isn't all we can do
When in doubt you move on
No need to sort it all out
By the time you read this I'll be gone Hannah hold on
Hannah hold on
It's all been said
It's all been done
Hang on You only disappoint the ones who don't believe
Hannah hold on
I never asked to be sorry
If it's over it's over for sure
