Forever Mine (Cinematic Version)

Forever Mine
The Tide & The SeaOh, lay your sweet head
Here on my chest
Your breath on my neckOh, safe in my arms
Until the morn
Until the dawn(hmm, hmm)Oh, my love, my life
Always you and I
Steady as we rise
Be forever mineSometimes when the fight
Burns through the night
Leaving you tiredI'll wait for you here
To hold you my dear
And keep you my dearI'd pull the stars
Out of the sky
Quiet the night forYou and only you
Could ever know
How deep my love goesOh, my love, my life
Always you and I
Steady as we rise
Be forever mineOh, my love, my life
Always you and I
Steady as we rise
Be forever mineOh, my love, my life
Always you and I
Steady as we rise
Be forever mine
