Beautiful In This Mirror

R. Kelly

We are beautiful in this mirror
We are beautiful in this mirror
The most incredible vision
The most miraculous sight
By far prettiest position
Wish I could seize this moment
Girl I would frame this picture
And keep it by my side yeah
Cause we look so good
We're not gonna stop (not gonna stop)
Do you know what we are
We are beautiful in this mirror
We are beautiful in this mirror
It's like watching a movie
Except that it's for real (so real)
It's only right to call this
Lovemaking fairytale (yeah)
Cause I have never seen
Or witness quite a show
It's like I'm in the front row
Cause we look so good
We're going so hard, we're not gonna stop
Do you know who we are
We are beautiful in this mirror
We are beautiful in this mirror
Baby this is good for us
In this mirror making love
This ain't dirty, this ain't nuts
Scene from heaven above us
I'm so glad I discovered
Sweet lovemaking treasure
Canvas needs a painter
We are beautiful in this mirror
We are beautiful in this mirror
We are beautiful in this mirror
We are beautiful in this mirror
We are beautiful in this mirror
