That Man Jumped Out the Window

Cloud Cult

It's the thoughts that you feed
It's the habits you need
It's the things that you don't think that you're seeing
When you're really seeing
That man jumped out the window
Come back in the window
That man jumped out the window
Come back in the window
It's your tone in my mouth
It's the things that we're too scared to talk about
It's the feeling that you're dreaming
(You're not really dreaming)
That man jumped out the window
Come back in the window
That man jumped out the window
Come back in the windowIt's the feeling that you're falling
But there's a fine line between falling and flying
It's the feeling that you've lost it
What don't you get?
What don't you get?
(x2)
It's the thoughts that you feed
It's the habits you need
It's the things that you don't think that you're seeing
When you're really seeing
That man jumped out the window
Come back in the window
That man jumped out the window
Come back in the window
