

Learning The Hard Way

Gin Blossoms

Summer came too early
Springtime came too late
The weather went from freezing
To bleached out summer days
Hold up in your bedroom
Hangin' like two thieves
Countin' up the hours
For the perfect time to leave
Woo hoo
We're learning the hard way
Woo hoo
It just don't matter what they say
Nighttime through this desert
Drivin' straight out west
Stop for gas and coffee
You close your eyes for rest
I wonder what you're dreaming
Why we're half way cross this bridge
We've come too far too turn back
We're just too close to quit
Woo hoo
We're learning the hard way
Woo hoo
It just don't matter what they say
Woo hoo
We're learning the hard way
Woo hoo, woo hoo
Pent up in your bedroom
Hangin' like two thieves
Countin' up the hours
For the perfect time to leave
Woo hoo
We're learning the hard way
Woo hoo
It just don't matter what they say
Woo hoo
We're learning the hard way
Woo hoo, woo hoo
Woo hoo, woo hoo
Woo hoo, learning the harder way
Woo hoo, learning the harder way
Woo hoo, learning the harder way
Woo hoo, learning the harder way
