## The Soundtrack of Our Lives

It's time to take control again and be the only one  
It's time to take control again and be the only one  
'Cause I just wanna play with myself and I don't need anyone else  
Rising with the sons of madness crossin' over the road It's time to take control again and be the only one  
It's time to sell your soul again and be the holy one  
'Cause I just wanna finish this race and I don't wanna lose my face  
Looking for a new direction crossin' over the road So welcome to the other side  
Don't be afraid to testify, it's not too late to get you high  
Reaching for somebody in your image world  
Waiting for a sign of a change crossin' over the road It's time to take control again and be the only one  
It's time to play your role again and be the holy one  
'Cause I don't think that anyone knows So welcome to the other side  
Don't be afraid to crucify, it's not too late to free your mind  
Reaching for somebody in your image world  
Waiting for some kind of a change crossin' over the road It's time to take control again and be the only one  
It's time to sell your soul again and be the holy one  
It's time to rise above again and be the only one  
'Cause I don't think that anyone cares So welcome to the other side  
Don't be afraid to testify, it's not too late to get you high  
Reaching for somebody in your image world  
Waiting for a sign of a change crossin' over the road  
Reaching for somebody in your image world  
Waiting for some kind of a change crossin' over the road
