

# Light Over Darkness

## Citipointe Live

Verse 1:

Beyond the dark I hear  
The victorious One  
A mighty voice of hope  
Declaring our moment has come  
The blood says Its done  
Darkness will subside  
As we march, move forth  
Your Word is alive  
Your love now the strength of our song  
The blood says Its done

Verse 2:

Now Your light shines bright  
Like the raging sun  
Spreading hope like fire  
Deceptions will turn and theyll run  
The blood says Its done

Pre Chorus:

We found a way  
You are the Way  
The Life the Truth

Chorus:

Your light  
Shines over darkness  
Yeah it cannot be overcome  
Your Word  
Is ever prevailing  
Yeah it cannot be overcome

BRIDGE:

In the shadow of Your wings  
There is refuge, there is peace  
Youre the healing  
That lights the way back home
