Innocent

Rose Falcon

We were innocent
You answered the phone, "Hello"
I said, "Guess who", but you didn't know
Doesn't it strike you as strange?
It's only been a year and so much has changed
We'd sneak up on your rooftop
Cigarettes and secrets
You're the only one I told
Because I trusted you to keep it
Remember we were innocent
Sunshine in your eyes
Tell me you remember when
Our bicycles could fly
Innocent
I miss having somebody to call
When there's somethin' to say or nothin' at all
Everyone asks if it's true
The rumors they've heard about you
They say that you got married
And you're havin' a baby
I don't know how to answer
Shrug my shoulders and say, "Maybe"
Remember we were innocent
The world turns, time goes by
Everytime I hear our song
Oh! I can't help but cry
Remember we were innocent
I'll keep you in my prayers
I know that you'll be okay
And if you ever need me
Know that best friends are for always
Always
Remember we were innocent
Sunshine in your eyes
Tell me you remember when
Our bicycles could fly
Remember we were innocent
Sunshine in your eyes
Remember we were innocent

The world turns time goes by
Remember we were innocent
Bicycles could fly
Remember we were innocent
Remember we were innocent
