

# Ghost Dance (iTunes Originals Version)

Patti Smith

We shall live again, we shall live  
What is it children that falls from the sky?  
Tayi, taya, tayi, aye, aye  
Man from heaven from the most high  
Food from the father, tayi, taye, aye  
We shall live again, we shall live again  
We shall live again; shake out the ghost dance  
Peace to your brother; give and take peace  
Tayi, taya, it leaves two feet  
One foot extended, snake to the ground  
Wave up the earth, one turn around  
We shall live again, we shall live again  
We shall live again; shake out the ghost dance  
Stretch out your arms, now tip and swing  
Rude up thy bird, tayi, tayi  
Threw out your shoe over the soil  
Dust off the words that shaped from the tale  
We shall live again, we shall live again  
We shall live again; shake out the ghost dance  
Here we are, father, lord, holy ghost  
Bread of your bread, ghost of your host  
We are the tears that fall from your eyes  
Word of your word, cry of your cry  
We shall live again, we shall live again  
We shall live again  
What is it, father, in your eye?  
What is this wisdom, eyes of God  
That makes me feel just what I need?  
You used to fly me the way to speed  
What is it, father, holy that night?  
What is it, father, that moves to the right?  
What is it, father, that is waiting in heaven?  
What is it, father, that shapes from your hand?  
What is it, father, that makes me spin around?  
What is it, father, that brings me down?  
What is it, father? You can't tell what I like?  
What is it, father? I just ride into space  
What is it, father? I can tell you one night  
What is it, father? I can tell what I like  
What is it, father? Are you into shape?  
What is it, father? Are you calling today?  
What is it, father?
