

# Don't Care (Reissued)

## Obituary

Come on, don't do well  
where I feed the living hearts  
I got a torch to light  
Feel these smelter fires burn

Chorus:

I don't care what they say !  
I don't care ! I'll do what I want !

I am by your side  
tell me you think what to do  
No way, I don't fear  
Slow down, follow in my grave

Repeat Chorus

Your ways, I despise  
Go forth and get with your own kind  
We've got fumes to behold  
Setting, one size of fortune  
Farewell to great friends  
these will face the burning sun  
tattooed shadows lifted  
Fear not, like the burning plague !

Repeat chorus

Bright light the sear his face  
Pitfalls twisted

Call me far from now  
I survived through all this hell

I DON'T CARE !!!

DON'T CARE !!!!!

I really don't care !
