

# Goodbye

## Plankeye

It's difficult to say goodbye after only one life  
The rain will fall down replenishing all of our broken dreams  
And this burning tree that's withering will bloom again  
Would you believe?Goodbye, goodbye, walk away  
It's time to say  
Goodbye, goodbye  
It's time to sayAnd now all that's left pictures on the wall  
Memories and stories that are told  
The more oft told, the bigger they get  
Create a legacy, lest we forgetGoodbye, goodbye, walk away  
It's time to say  
Goodbye, goodbye, goodbye  
Goodbye, goodbye, walk away  
It's time to say
