# Everybody Has the Blues

## James Taylor

Poor puppy, you look so sad
I guess you think that no one ever
Felt so bad before
Everybody has the blues
Everybody has the blues
Everybody knows the way that you feel today
Everybody gets to sit and cry
Everybody gets to wonder why
Everybody gets to watch the sky turn greyMaybe you lost your job
Maybe you lost your girl
Maybe you feel like you're losing your mind
That's not the end of the worldEverybody gets to feel some pain
Everyone got to get to caught out in the rain
Everybody got some days that they can't explain
Everybody got the blues
Everybody has the blues
Everybody knows the way that you feel today
