

# Lateralus

## Tool

Black then white are all I see in my infancy  
Red and yellow then came to be, reaching out to me  
Lets me seeAs below, so above and beyond, I imagine  
Drawn beyond the lines of reason  
Push the envelope, watch it bendOver thinking, over analyzing separates the body from the mind  
Withering my intuition, missing opportunities and I must  
Feed my will to feel my moment drawing way outside the linesBlack then white are all I see in my infancy  
Red and yellow then came to be, reaching out to me  
Lets me see  
There is so much more  
And beckons me to look through to these infinite possibilitiesAs below, so above and beyond, I imagine  
Drawn outside the lines of reason  
Push the envelope, watch it bendOver thinking, over analyzing separates the body from the mind  
Withering my intuition leaving opportunities behindFeed my will to feel this moment  
Urging me to cross the line  
Reaching out to embrace the random  
Reaching out to embrace whatever may comeI embrace my desire to  
I embrace my desire to  
Feel the rhythm, to feel connected  
Enough to step aside and weep like a widow  
To feel inspired  
To fathom the power  
To witness the beauty  
To bathe in the fountain  
To swing on the spiral  
To swing on the spiral to Swing on the spiral  
Of our divinity  
And still be a humanWith my feet upon the ground I lose myself  
Between the sounds and open wide to suck it in  
I feel it move across my skin  
I'm reaching up and reaching out  
I'm reaching for the random or what ever will bewilder me  
What ever will bewilder me  
And following our will and wind we may just go where no one's been  
We'll ride the spiral to the end and may just go where no one's beenSpiral out, keep going  
Spiral out, keep going  
Spiral out, keep going  
Spiral out, keep going
