

Where Are You Now?

The Summer Set

I've been staying awake in the front seat for days
Let the wheel turn and take me away
Oh, the truth I must tell is I'm lonely as hell
Still looking for myself It rains all day when you're not around
And I'm trying my best to come clean with the clouds
They follow me around
I'll dance 'til the rain comes down Stuck in the sand with the waves at my feet
And I wish you'd come crash into me
'Cause where you are is where I wanna be now
Where are you now? And I know I'm not perfect but what the hell
Do you think of me now?
Do you think of me now? They say that love is for the patient
Gotta plan for being restless for now Hope I'm more than a cheap trick
You played on yourself
But I do it so well
Yeah, I'm doing so well They follow me around
I'll dance 'til the rain comes down Stuck in the sand with the waves at my feet
And I wish you'd crash into me
'Cause where you are is where I wanna be now
Where are you now? But when I leave
She walks and she talks and she stirs my feet
Like she's sleeping next to me Doesn't matter where we are
Doesn't matter where we are
Doesn't matter if we're states apart
She loves me
