I Remember

araabMUZIK

Remember turning on the night
and moving through our morning light
remember how it was with you
remember how it was with you
where to the memories begin?
remember that you fall asleep
call to the love that you know
you dont have to give up to let go
remember turning on the night
and moving through our morning light
remember turning on the night
and moving through out morning light
add to the memory you keep
remember when you fall asleep
hold to the love that you know
you dont have to give up to let go
remember turning on the night
and moving through our morning light
remember how it was with you
remember high up pull me though
i remember
i remember
