

# September In the Rain

**Doris Day**

The leaves of brown came tumblin' down, remember  
In September in the rainThe sun went out just like a dying ember  
That September in the rainTo every word of love I heard you whisper  
The raindrops seemed to play a sweet refrainThough spring is here, to me it's still September  
That September in the rainTo every word of love I heard you whisper  
The raindrops seemed to play a sweet refrainThough spring is here, to me it's still September  
That September in the rain  
That September in the rain
