Break Every Rule

Tina Turner

Every road that I walk
Every single flight I ever take
Though I'm thousands of miles away
In my mind every journey leads me closer to youI've been all around this world
I've been in far too many states
But I'm under your spell
I've made my mistakes, oh you can probably tellYou're every dream that I dream
You're every beautiful thing I've ever seen
I'm always singin' your praises
Countin' the days awayI would be your slave
I'd even be your fool
I'm so in love with you
I'm in love with you baby
I'm gonna break every ruleYes, I would be your slave
I'd even be your fool
I'm so in love with you
I'm in love with you baby
I'm gonna break every ruleI hope you can forgive
Every white lie, I'm forced to tell
They say that every thing's fair in love and in war
And I'm not above cheatin' for youOne night I'll catch you off your guard
And you'll finally fall so hard
Strategically speaking, I'm already beaten
I'll surrender to youYou're every dream that I dream
You're every beautiful thing I've ever seen
I'm always singin' your praises
Countin' the days awayI would be your slave
I'd even be your fool
I'm so in love with you
I'm in love with you baby
I'm gonna break every ruleEvery road that I walk on
Every flight that I ever take
Every dream that I dream of
Every journey brings me closerEvery road that I walk on
Every flight that I ever take
Every dream that I dream of
Every journey brings me closerEvery road that I walk on
Every flight that I ever take
Every dream that I dream of

Every journey brings me closerEvery road that I walk on
Every flight that I ever take
Every dream that I dream of
Every journey brings me closer
