

Voodoo Kiss

Mr. Big

I have the full moon fever
A black cat cut across my path
Put a spell on me Mademoiselle
I want somebody to love me back
I need somebody to love me bad Dig deep in the mojo
Bad luck running through my veins
Cook up some bontemps medicine
And drive this curse away
To drive this curse away, yeah yeah, yeah Woo, a touch of sweet and nasty
A blind man couldn't miss
Creole sister, man you can't resist her
When she's soft against your lips Voodoo kiss, kiss me on the lips
Can Heaven be like this?
Voodoo kiss Down by the river at midnight
You hear the rattle and roll of those chicken bones
A white haired woman and a one eyed Jack
Mix me up a batch of that love flambeaux
I want a batch of the love flambeaux I gave her half my money
She wanted just a little more
If you pay the price then tonight's your night
Yeah, you get what you pray for
You get what you pray for Oh yeah, I want a
Touch of sweet and nasty
A blind man couldn't miss
Creole sister, man you can't resist her
When she's soft against your lips Voodoo kiss, kiss me on the lips
Can Heaven be like this?
Voodoo kiss, come on
Kiss me Ooh, Fox's got that mojo workin'
Mr. Big easy!
Here we go
A hot blooded Angel A touch of sweet and nasty
A blind man couldn't miss
Creole sister, baby can't resist her
When she's soft against your lips Voodoo kiss, kiss me on the lips
Can Heaven be like this?
Voodoo kiss, Voodoo kiss
Kiss me baby, kiss me on the lips
Can Heaven be like this?

Voodoo kiss, ow
