# Free the Animal

## ã,·ãƒ¼ã,¢

I love you so, wanna throw you from the roof
The pressure builds, wanna put my hands through you
I'll squeeze you tight until you take your last breath
Loving you to death, loving you to death[Pre-Chorus]
The pressure's rising I won't make it through tonight
This love immortal is an assassin's delight
Just blow me up or run me down or cut my throat
And when it's time for you to die
I'll let you know[Chorus]
Detonate me
Shoot me like a cannon ball
Granulate me
Kill me like an animal
Decapitate me
Hit me like a baseball
Emancipate me
Free the animal, free the animalI love you so I'm putting you in quicksand
You take your chances when you kiss the hitman
The animal's inside of this infinite jest
Loving you to death, loving you to death[Pre-Chorus]
The pressure's rising I won't make it through tonight
This love immortal is an assassin's delight
Just blow me up or run me down or cut my throat
And when it's time for you to die
I'll let you know[Chorus]
Detonate me
Shoot me like a cannon ball
Granulate me
Kill me like an animal
Decapitate me
Hit me like a baseball
Emancipate me
Free the animal, free the animal[Bridge]
Murder me, ruin me
Look what you do to me
Beautiful pain baby
Pour acid rain on me
Kill me with your loving
Kill me with your loving

I'll slice you and dice you
Like sugar and spiceI'll do all that you want me to
I'll beat on the beast in you
I'll kill you with my with my loving
I'll kill you with my loving
