Karaoke queen

Pale

Ooh sha la la la
Ooh sha la la laTedium is overcome
From obscurity, through melody
And when I'm blind it helps me
See through your key
No one can touch, no need to rush
Presented by my alibi
When I'm down it brings me round
So easilyAt eight o' clock I'll take my leave
And when I'm done and dusted
Tonight I'm gonna beI'll be a karaoke queen, it's not me you see
I'm gonna take you down to a place
I know you'd rather be
It's just a three minute song
It doesn't last very long
But it'll take you to a place
I know you'd rather be
Hey you can danceOoh sha la la la
Ooh sha la la laCommon sense has excuses
Recklessness, its uses
But don't go 'fusing silence with charismaAt nine o'clock you can count on me
And when I'm up I'm ready
Tonight I'm gonna beI'll be a karaoke queen, it's not me you see
I'm gonna take you down to a place
I know you'd rather be
It's just a three minute song
It doesn't last very long
But it'll take you to a place
I know you'd rather be
Where you can danceOoh sha la la la
Ooh sha la la la
Ooh sha la la laI'm doomed to fail
The stage gives way
It's an apostrophe to my legacy
But thought I'm bruised
I'll happily do it all againAt ten o'clock don't wait up for me
'Cos when I'm up I'm ready
Tonight I'm gonna be MatthewI'll be a karaoke queen, it's not me you see
I'm gonna take you down to a place

I know you'd rather be
It's just a three minute song
It doesn't last very long
But it'll take you to a place
I know you'd rather beAnd you can dance if you want to
Show appreciation
But step up to the mic for the full sensation
And you can dance
And you can danceAnd you can ooh la la la
Ooh sha la la la
Yea you can ooh la la la
Ooh sha la la la
Ooh sha la la la
Ooh sha la la la
...
