Can We Fall In Love Again

Darien Brockington

Ooh yeah, ooh
Yeah, yeah, yeah, yeahIt's been 6 months since I held ya
Babe and I've been in hell
Just trying to find a substitute
When I know too wellThat you're the only woman in the world
Who lets me be
Loves me for who I am
And not what you hoped I'd beI know these words may sound funny coming
From somebody who brought so much pain
To your heart but baby believe me
Without you, I'm not the sameThey say leopards don't lose their spots
And bees never lose their sting
But if people can't change
Then what's the point of you and me, I'm askinCan we fall in love again?
Everyday I been thinking 'bout ya
Don't wanna be in this life without ya
Let me knowCan we fall in love again?
I would give to you all my soul
To be in your life ladySo many days and nights that you sacrificed
In the name of love
So silly of me to think that I
Could ever replace you, womanI'm standing here, waiting for my happiness
I'm waiting for security
I'm waiting for youI know these words may sound funny coming
From somebody who brought so much pain
To your heart but baby believe me
Without you, I'm not the sameThey say leopards don't lose their spots
And bees never lose their sting
But if people can't change
What's the point of you and me, heyCan we fall in love again?
Everyday I been thinking 'bout ya
Dont wanna be in this life without you, babyCan we fall in love again?
I would give to you all of my soul
To be in your life yeahCan we fall in love again?
I just wanna know,
I just wanna know babyCan we
Can we fall in love again?
Said I'm tired of playing this game with you, baby
Oh I just wanna knowCan we fall in love?

(Can we?)
Oh can we fall in love again, again, again oh baby?
I'm in love with you
I'm in love with youI cannot believe
That you would let it go down this way
I'm in love with you
Would you would you, girl
Would you marry me
I'm in love with youCan we fall in love again?
Can we fall in love again?
