

Ruby Lane

Milla Jovovich

Welcome down to Ruby Lane
Take your pick, sir, we're all the same
The sky is my one direction
The earth is my bedWelcome down to Ruby Lane
Save your soul, man, for life's a game
Receive me as a dancing monkey
And throw me a dimeAnd if you see my brother
You'll know 'cause he's wearing no shoes
Won't you be so good, man
As to throw him some foodYou come back now and share your peace
We'll still be here till time's release
I'm here with my one companion
The road beneath my feetAnd if you see my brother
You'll know 'cause he's wearing no shoes
Won't you be so good, man
As to throw him some foodWelcome down to Ruby Lane
Take your pick, sir, we're all the same
I'm here with my one companion
The road beneath my feetI'm here with my one companion
The road beneath my feet
