

Until

Musiq Soulchild

If the winter springs or the summer falls
We won't have no effect on this love at all
If in another time I was you and you was I
You know I'd still recognize you all the same
This kinda love don't ever change 'cause I'll be lovin' you till the sun starts shinin' blue
And the seas talk back to you, girl I'll still be there, be there
Lovin' you until all of time is standin' still
Nothin's ever been as real to me as this love, this love, this love Lovin' you until 2073
We'll still be together in 2084
In love more than ever in 2093
This love just won't ever end, 2000
Until 2000, until 2000, until 2000 and forever Now if dreams could dream just like people do
I believe they'd dream the dream of the love between me and you
And even though we'll fight and may not get along sometimes
It's cool 'cause I know that if I fight with you
And cry with you I can make it up all night with you so I'll be lovin' you till the sun starts shinin' blue
And the seas talk back to you, girl I'll still be there, be there
Lovin' you until all of time is standin' still
Nothin's ever been as real to me as this love, this love, this love Lovin' you until 2073
We'll still be together in 2084
In love more than ever in 2093
This love just won't ever end, 2000
Until 2000, until 2000, until 2000 and forever If love ever fades away you'll still find some to make
'Cause time don't apply to you and I
'Cause this love goes as far as eternity, way beyond infinity
And long after we're dead and gone we'll still be holdin' on 'cause I'll be lovin' you till the sun starts shinin'
blue
And the seas talk back to you, girl I'll still be there, be there
Lovin' you until all of time is standin' still
Nothin's ever been as real to me as this love, this love, this love Lovin' you until 2073
We'll still be together in 2084
In love more than ever in 2093
This love just won't ever end, 2000
Until 2000, until 2000, until 2000 and forever
