

Back to the Sunrise

Folk Implosion

Still crazed, sugar glazed
I refused to act my age
I can be cool, I can believe
Happy to be here, when can I leave, when can I leave? All that I hope for, all that I need
The back of the closet, the air that I breathe
My soul's on cruise control
Happily ever after, nobody knows I'm gone, I'm gone, I'm gone, I'm gone Back to the sunrise, nothing to lose
Keep me at a distance I can use
Outside our future is yawning
Wide awake but ready to sleep all day Ready to be confused
With a distance I can use
Ready to be confused
With me distance I can use Spit glazed, riding a wave
My body will never behave
Cross eyed, I more than survived
A little bit further from the back of the line each time, each time Out of the sandbox, ready to play
I love it here but I can't stay
My soul's on cruise control
Happily ever after, nobody knows I'm gone, I'm gone, I'm gone Back to the sunrise, nothing to do
Kept me at a distance I can use
Outside our future is yawning
Wide awake but ready to sleep all day Ready to be confused
With a distance I can use
Let me be confused
Give me distance I can use
