Masquerade

Mehida

Hip shaker, dream maker
Heart breaker, earthquaker
I could be anything that you want me to
Coin spender, mind bender
Jet setter, go getter
Changing my getup for anything you choose
I don't mind trying on someone else
I won't mind seeing just how it felt
I might like changing my disguise
To make you happy
Here's my formal invitation
You and me go masquerading
Lose ourselves in this charading
Is this love we're imitating?
Do we want what we got
If not I say so what
Here's my formal invitation
La, la, la, la, you can be my
School teacher, mind reader
Dream weaver, just be the one
I can count on to play it out with me
Hot waiter, cool skater
Trailblazer, pulse raiser
Naughty or nice whatever you want to be
You wanna try on someone else
You might like seeing how it felt
Do you mind changing your disguise?
If it makes me happy
Here's my formal invitation
You and me go masquerading
Lose ourselves in this charading
Is this love we're imitating?
Do we want what we got?
If not I say so what
Here's my formal invitation
Let's go, let's go masquerading
We'll make it fun
When it's over and done
I still want you to see the real me

No more disguises
Let true love decide if we should be together
Here's my formal invitation
You and me go masquerading
Lose ourselves in this charading
Is this love we're imitating?
Do we want what we got?
If not I say so what
Here's my formal invitation
Let's go, let's go masquerading
La, la, la, la, la, la, la, la
La, la, la, la, la, la, la, la
