

Down For The One

Beverley Knight

Go down for the one
Bump up on the two
Go down for the funk game
Go down for the one
Bump up on the two
Go down for the funk game
I recall the rise and fall
In the funky little jams we used to throw down to
Am I coming through?
For those who know the two-step flow
You'll remember how we used to love the 'tic tac toe'
It was strong but slow
Let it overcome you
'Til you got no choice to
Tune in to what we wanna see you do
Go down for the one
Bump up on the two
Go down for the funk game
(Oh get down)
Go down for the one
Bump up on the two
Go down for the funk game
As you chill, recall the thrill of intoxicating moves
That make you feel so high, like the Butterfly
And I would doubt you'd be
Without the best of what the DJ had to play to you
Like he oughtta do
Let it overcome you
'Til you got no choice to
Tune in to what we wanna see you do
Go down for the one
Bump up on the two
Go down for the funk game
(Get down, get down)
Go down for the one
Bump up on the two
Go down for the funk game
Move your body to the funk
(Just move it)

Move your body to the funk
(Oh won't you get down?)
Move your body to the funk
Move your body to the funk
Move your body to the funk
Move your body to the funk
(Just move it)
Move your body to the funk
(Move it, move it, move it, move it up for me)
Move your body to the funk
Let it overcome you
(Let it overcome you)
'Til you got no choice to
(Til you got no choice to)
Tune in to what we wanna see you do

(Sing it, sing it, oh won't you go and get down)
Down, like you know you should
Better get up on the old school flavor
Down, like you know you should
(Get up)
Get down
(Get up)
Get down
(Get down)
Down, like you know you should
Better get up on the old school flavor
Down, like you know you should
Get down, get down
(You gotta, you gotta, you gotta get down)
Go down for the one
Bump up on the two
Go down for the funk game
(Oh have you got it people?)
Go down for the one
Bump up on the two
Go down for the funk game
Go down for the one
Bump up on the two
Go down for the funk game
Go down for the one
Bump up on the two
Go down for the funk game
Down, like you know you should
Better get up on the old school flavor

Down, like you know you should

(Get up)

Get down

(Get up)

Get down

(Get down)

Down, like you know you should

Better get up on the old school flavor

Down, like you know you should

Get down, get down

(Won't you sing it won't you?)

Down, like you know you should

Better get up on the old school flavor

Down, like you know you should

Get down, get down

Down, like you know you should

Better get up on the old school flavor

Down, like you know you should

Get down, get down, get down, get down

Down, like you know you should

Better get up on the old school flavor

Down, like you know you should

Get down, get down
