Booty Drop

69 Boyz

Come on, I'm speakin' up
All the big booty girls in the club
Wussup with the table top?
Get up on, and make that booty dropIf you want this pay, you got to work, baby
I ain't goin' anyway, it ain't 'bout no hand out
It's 'bout G-strings and booty cheeks hangin' out
'Cause I'm a get my money's worth
So make that booty, hips and tongue work'Cause I'll nickel and dime you
If you fail to work what's behind you
But if the dance get felt
Then I'll stick a dub in yo' garter beltSo make these ends
'Cause it's me and some of my big money friends
But you can't be no flop
Just stop and make that booty(Drop, true dat, true dat)
Come on, come on, just make that booty
(Drop, true dat, true dat)
Don't try to flaunt, just make that booty(Drop, true dat, true dat)
Come on, come on, hey, just make that booty
(Drop, true dat, true dat)

What you gon' do? Don't hold that wallet
There's room on the floor for the both of us
And this my last chance
Before I dip to get this lap danceAnd they playin' the funk
Work that skirt and make that booty jump
Shake it down turn around
Now touch the ground, go 'head and do it
And I'm a get a lil' closer to itIt's plenty head room
So work that thing like we in the bedroom
Work what you got
Get on the dance floor and make that booty(Drop, true dat, true dat)
Come on, come on, just make that booty

(Drop, true dat, true dat)
Yeah, I like that, just
(Drop, true dat, true dat)

On the dance floor or on the table-top
And you're aight
See if you can make my nature riseYou got the equipment
Now you need just a lil' commitment
You bring that milkshake and the Pudding TameAnd I'll bring the G-string
And a lil' bit of extra flow
Sit and stare and watch that booty go
Come on, I'm speakin' upAll the big booty girls in the club, don't try to flex
One time for Magic City and Rolex
'Cause them the spots to stop
