

Out of Time

Ariel, Zoey & Eli

How about we play a little game
Allow me to explain just how we play
You have till 12 when the clock strikes loud
And your time starts right now

Settle our ways towards the bell
Watch the hour glass sand just fell
And you are running out of time

1, 2, 3

You still have a lot of time to spare
But you don't seem really to care
Just calm down take a deep breath
Instead of worrying about the time you have left

Settle our ways towards the bell
Watch the hour glass sand just fell
And you are running out of time

You don't have much time to waste
Look at that, it's getting late
And you are running out of time

4, 5, 6

I can hear your heart racing
As you are pacing the floor
But you know, you're just wasting time

7, 8, 9

Settle our ways towards the bell
Watch the hour glass sand just fell
And you are running out of time

You don't have much time to waste
Look at that, it's getting late
And you are running out of time

10, 11, 12
