

Wow (feat. Emma Lanford)

Mousse T.

All of the confessions of my dope smoking session
Categorically speaking, wow
The priest behind the curtain really didn't know for certain
If the father could forgive me now Guess I'll go the whole nine yards
Dye my hair bright green and move to the city, yeah
Get myself a nasty tattoo
And break all the rules, wow It's like, wow, deeper than I've ever been
Take it down, right down to the sugar stream
If it's hot, if it's cold
It's got soul, wow I reached to the city and got so, so, so pretty
Joined a rock and roll band
Playin' in freak shows, bars and peep shows
Wow, that's kinda mad Hanging on the edge of life and death
I didn't have a better plan
Record dropped, landed on the top spot
All I can say is wow It's like, wow, deeper than I've ever been
Take it down, right down to the sugar stream
If it's hot, if it's cold
It's got soul, wow Wow is a sexy way to let off steam
And still keep cool
Passionate, deliberate, don't take me serious
So let me just tell you now It's like, wow, deeper than I've ever been
Take it down, right down to the sugar stream
It's like, wow, deeper than I've ever been
Take it down, right down to the sugar stream If it's hot, if it's cold
It's got soul, wow
If it's hot, if it's cold
It's got soul, wow If it's aah, if it's ooh
Let it go, wow
