

# Arms of Loren 2001

## Evoke

I heard it on the radio  
I read it in the news  
The stories they report to us  
So muddled and confused

Why can't we be together?  
Why can't we be together?  
As we were back then  
As we were back then  
How long we fooled one another  
How long we fooled one another

In the arms, in the arms, in the arms, in the arms, in the arms, in the arms, in the arms, the arms of Loren

Why can't we be together?  
Why can't we be together?  
As we were back then  
As we were back then  
How long we fooled one another  
How long we fooled one another

In the arms, in the arms, in the arms, in the arms, in the arms, in the arms, in the arms, the arms of Loren

From Paris to America  
From the back streets to success  
The thought of how we used to be  
Couldn't temper your excess

Why can't we be together?  
Why can't we be together?  
As we were back then  
As we were back then  
How long we fooled one another  
How long we fooled one another

In the arms, in the arms, in the arms, in the arms, in the arms, in the arms, in the arms, the arms of Loren
