Someday

Michael W. Smith

Sexual harassment, nuclear reactors
Natural disasters from here to LA
Drug importers, New World Order
Wars over borders, murder on the subwayThe social classes, high rise of taxes
Diplomats are passive with a promise again
Talk of recession, people in depression
Dow Jones, bank loans, the Japanese yenI wait for Kingdom come
When love will be here to stay
It will change us everyone
Someday, somedayViolence in the movies, drive-by shootings
Rioting and looting with the boys in the hood
Cults and religions, deadly premonitions
Fiery oppositions, evil battling goodAIDS awareness, temporary marriage
Pro-life, pro-choice, Roe v/ Wade
Ethics and the media, tabloid TV
The Kennedy Conspiracy, the trial of O.J.I wait for Kingdom come
When love will be here to stay
It will change us everyone
Someday, somedayThere peace will make a stand
And the anger will fall away
We'll see the lion with the lamb
Someday, someday, somedayOh, somedayI wait for Kingdom come
When love will be here to stay
It will change us everyone
Someday, somedayThere peace will make a stand
And the anger will fall away
We'll see the lion with the lamb
Someday, someday, somedaySomeday, somedayThere peace will make a stand
And the anger will fall away
We'll see the lion with the lamb
Someday, someday
