

# Rainin' Whiskey

Josh Kelley

A quiet night, some good sleep  
Well, that's just what you don't need  
Lettin' off a little steam  
Now that sounds like a remedy  
The party's on but you're not here  
So get your glass in gear  
It's rainin' whiskey  
There's a good time rollin' in  
It's rainin' whiskey  
On me and all my friends  
Raise your cups  
Let 'em fill right up  
And drink one down with me  
It's rainin' whiskey, yeah  
Great beat, better weather  
Ain't had this much fun in forever  
Last call, yeah, whatever  
It's gonna pour as long as we're together  
There's no such thing as closin' time  
When it's falling from the sky  
It's rainin' whiskey  
There's a good time rollin' in  
It's rainin' whiskey  
On me and all my friends  
Raise your cups  
Let 'em fill right up  
And drink one down with me  
It's rainin' whiskey  
Yeah, yeah, oh  
Tomorrow we might wanna cry  
But it's so hard stayin' dry  
When it's rainin' whiskey  
There's a good time rollin' in  
It's rainin' whiskey  
On me and all my friends  
So raise your cups  
Let 'em fill right up  
And drink one down with me  
It's rainin' whiskey, yeah

It's rainin' whiskey, yeah, yeah, yeah, yeah

Raise your cups

Let 'em fill right up

And drink one down with me

Yeah, alright

It's rainin', it's rainin' whiskey

It's rainin', it's rainin' whiskey

It's rainin', it's rainin' whiskey
