Different

Ximena Sarinana

Sleep It Off Again
Don't remember when started
Failing to communicate
Will it see like I'm in half-hearted?
There's not much to explain
When I'm so in my head
The stronger the theme
The less you will need
To hear it from me
To know what I am trying to say
(Chorus)
Sorry if I don't see you
Mind me if my eyes cross you
Keep in mind I'm not here
I'm a different zone
Sorry if my words hurt you
Wish I knew the time to lie to you
Keep in mind I'm not here
I'm from a different world
Wait till I'm unique
I'm a light in the making
My wisdom will strip you down
Can't believe all the risk I'm taking
There's still so much to learn
And things you haven't heard
I want you see beneath everything
You're no different than me

No matter the language we speak
(Chorus)
Sorry if I don't see you
Mind me if my eyes cross you
Keep in mind I'm not here
I'm from a different zone
Sorry if my words hurt you
Wish I knew the time to lie to you
Keep in mind I'm not here
I'm from a different world
Ahhh ahh ahhh ahhhh ahhhh

Sorry if I don't see you
Mind me in my eyes cross you
Keep in mind I'm not here
I'm in a different zone
Sorry if my words hurt you
Wish I knew the time to lie you
Keep in mind I'm not here
I'm a different world
Sorry if my words hurt you
Wish I knew the time to lie to you
Keep in mind I'm not here
I'm a different world
Keep in mind I'm not here
I'm from a different world?
