

# Bring It On Down

## Oasis

What was that sound ringing around your brain?  
Today was just a blur, you've got a head like a ghost train  
What was that sound ringing around your brain?  
You're here on your own who you gonna find to blame? You're the outcast, you're the underclass  
But you don't care, because you're living fast You're the uninvited guest who stays 'till the end  
I know you've got a problem that the devil sends  
You think they're talking 'bout you but you don't know who  
I'll be scraping your life from the sole of my shoe tonight Bring it on down, bring it down for me  
Your head's in a fish tank  
Your body and your mind can't breath Bring it on down, bring it down for me  
Your head's in a fish tank  
Your body and your mind can't breath You're the outcast, you're the underclass  
But you don't care, because you're living fast You're the uninvited guest who stays 'till the end  
I know you've got a problem that the devil sends  
You think they're talking 'bout you but you don't know who  
I'll be scraping their lives from the sole of my shoe tonight
