Out of Style

J.J. Cale

I sure do miss you babe
You know it's been a while
Way too long since you been gone
I'm almost out of styleYou treat me kind and gentle
You're always on my mind
A love that's true I keep for you
Until the end of timeSomeday you've got to come back
Stay with me a while
I'll take some time to make you mine
And keep you out of style
