

Pale Rider

Dirty Dave Osti

Riding into town got spurs on his feet
out of Durango dusty and beat
throw down a whiskey in the mexican heat
pale rider moving through the smoke on a tombstone street. Yeah, bath and a barber hit the saloon
five cents a woman and ten cents a room
marshall is tainted the mayor's a thief
pale rider moving through the smoke on a tombstone street. Hot sun, six gun, showdown straight up high noon
match light, dynamite, banjo man play me a tune. Riding out of town in a hasty retreat
the livery stable gave him old jerky meat
go to Elpaso where the ladies are sweet
pale rider moving through the smoke on a tombstone street
on a tombstone street
on a tombstone street
got spurs on his feet.
