## Necro

I'll bloody up a hard roc shut up and box  
I cut you with an ox then I fix your face with the skin from your buttocks  
amazing with a razor craving a puncture more depraven than Wes Craven  
raise ya behavior then I'm Kraven the Hunter  
you're lifeless I'll show you what trife is if you front  
molest your wife with a rifle then shove a knife in her cunt  
introduce pigs like rigs to disfigurement malignant  
my pit chews your ligament like Wrigley's Spearmint  
put a hole in your neck I'm die-hard stab you with an iron rod I am god lionheart - show respect  
kid don't your plight affect the way you conversate with me  
fuckin' with me is side effect surgery tracheotomy  
jabber jaw we'll sniff you out like a labrador  
jab your jaw stabbed like a crab claw abracadabra gore  
terrify you like Sheriff Hoyt a creep like Jon Voight in Heat  
dead in the street cops can't verify you

You're a disgust to me you got busted and requested protective custody  
Scared to get tested it's a must you bleed  
Have a TV break over your head give you a Tom Savini makeover  
You'll wake up dead when the meat cleaver takes over  
like Manolo with the barrel a chrome arrow makes an arrowhole through your polo apparel into bone marrow  
the jammy clapped you're handicapped like granny kid you tapped out  
you rock a fanny pack fuck you up like Manny Pac  
you got the shingles like old ladies at bingo with dingleberries in their bunghole  
you're wholesome like the ingles  
death is a trife conundrum cut you half with a knife I'll laugh while you plunge into the afterlife dungeon  
beat you mercilessly purposely for no purpose the perp's iron scissor cut you with sharp scissors nervously  
groupie like tall pooper stick a nail in a droopy female groupie's anal poopy trail dead you like Soupy Sales
