

Back In School

Mother Mother

I wanna get it, but I got bad brains
Imma what they like to call a special case
I am, a coma in a classroom
I got detention cause I made a face
Nobody believed me that it's stuck that way
I am, a stoner in a bathroomRun little oneBack in school, back in place
Back in school, back in chains
Back in school, back in my cageBack in school, back in place
Back in school, back in chains
Back in school, back in your cageI gave an apple to my playground crush
She told me that the apple wasn't bad enough
Aw shucks,
So young to be so cruelRun little oneBack in school, back in place
Back in school, back in chains
Back in school, back in my cageBack in school, back in place
Back in school, back in chains
Back in school, back in your cageOh no they don't, teach the soul
How to love
(You can't teach soul)
Oh no they don't, teach the soul
How to love
(You can't teach soul)Back in school, back in place
Back in school, back in chains
Back in school, back in my cageBack in school, back in place
Back in school, back in chains
Back in school, back in your cageI wanna get it, but I got bad brains
Imma what they like to call a special case, I am
Back in school, back in my cage
(You can't teach soul)
I got detention cause I made a face
Nobody believed me that it's stuck that way, I am
Back in school, back in my cage
(You can't teach soul)Back in school, back in my cage
