

Guess I'll Be Okay

Stardeath and White Dwarfs

Guess I'll Be Okay Ohhhh ohhhh ohhh
I spend all of my time
Waiting by my bedside alone
I guess I'm doing fine
Unless somehow my mood has shown And you ask me to tried
Well I don't think my cover has blown
Your insecure and shy
It always seem so awkward on the phone Ohhhh ohhh ohhhhhh
I sleep in everyday
And when I'm home I gotta get back on the road
I need you everyday
And when I have you I don't want you anymore My friends are all the same
They dont get too close and show on let me
I guess I feel okay
I am sorry I was such a fool And maybe I am crazy about you
Spending time is all I want to do
And maybe I am always missing you
Spending time with you is all I want to do ohhhhhh ohhh ohhhhhh
