

Wonderful Tonite

Afroman

the more you drink the better i sound
go to the bar and buy another round i feel wonderful
how many people feel wonderful tonight she unfastens her bra strap
she slides off her underwear
the beautiful moonlight
reflects on her pubic hair I open her legs
then slowly slide my tongue inside
and say darlin
you taste wonderful tonight she sucks on my dick head
she gradually licks my balls
she tickles my asshole
cause this girl can do it all i came so hard
i slowly lost my eyesight
And I said darlin
you suck wonderful tonight (phone rings) Hey get the phone man Hello, what?
Eric Clapton aint gonna clear it?
tell em sue me this shit is tight
