

# From the Hips

## Cursive

Advisory - the following lyrics contain explicit language:

I'm at my best when I'm at my worst  
I'm at my worst when it's not rehearsed  
I don't wanna know the goddamn words  
I don't wanna have to spell it out Don't wanna mumble what I'm trying to say  
I wanna scream it from my foaming mouth  
Shoot out the lights and ride away I'm in my worst when I'm at my best  
I'm at my best when I'm trying to look and think and talk  
And sing and read and write like all the rest  
We're all just trying to play our roles In a play that runs ad nauseum  
And I hate this damn enlightenment  
We were better off as animals, right? We're at our best when it's from our hips  
From our hips we don't give a shit  
It just feels good and that's no sin  
It's the only way to feel alive The closest thing to being born again  
And when baby comes it's job well done  
Roll in the hay or roll around the sun We're at our worst when it's from our lips  
From our lips we caused a rift and the world is falling in  
From babble to bar room brawls  
Our words have formed a death sentence And I wish that we had never talked  
Our hips said it all  
Hey, hey And I wish that we had never talked  
Our hips said it all
