I Don't Love You

Conway Twitty

Pray before I close my eyes
Please don't be in my dreams again tonight
I don't love youThere's no place in your life for me
So just get out of mine and let me be
I don't love youI don't stare at your photograph
Wishing I could get you back
I don't need you at all I swear, it's true
I don't love youThink I'll go out on the town
Find someone to wrap my arms around
I don't love youI won't think twice when she's kissing me
I won't be haunted by your memories
'Cause, I don't love youI don't think of the night you left
How you left me with no regrets
You just turned to me so calm and cool and said
I don't love youI don't love you is what I say
When the pain is too much to take
Over and over 'till I believe, it's true
I don't love you, I don't love you
I don't love you, I don't love you
