

That Was Just a Dream

Cut Copy

That was just a dream
That's the day
That was just a dream
That's the day I got to believe in you
I got to believe it's true
I got to believe
Say goodbye That was just a dream
That's the day
That was just a dream
That's the day I got to believe in you
I got to believe it's true
I got to believe
Say goodbye
