

# This Is the House That Doubt Built

## A Day to Remember

Don't get me started on what it means to be alive  
You're lying to yourself but then still you act surprised  
Cause you're scared  
Can't come to terms with what you are  
The wolves in sheep's clothing will only lead you so far  
You'll wait and they'll go  
'Cause in the end we all end up alone  
So just wait, you'll know...Forget everything just for tonight  
We'll sing like everyone when they're alone  
'Cause I've been waiting for tonight to say  
Whoa, whoa  
I rely on myself, just making sure that was clear  
I'm not in need of your crutches I faced all my fears  
And I won what I knew I could have  
Life is not a punch card  
Make the best of what you have  
Don't wait, just go  
And when you find yourself please let me know  
It's not too late, just let go  
Forget everything just for tonight  
We'll sing like everyone when they're alone  
'Cause I've been waiting for tonight to say  
Whoa, whoa  
Let's believe that if we all stand together  
We're a force that can shake the whole world  
For once we're doing something right when we say  
Whoa, whoa  
In the end it's not about what you have  
In the end it's all about where you want to go  
And the roads you take to help you get there  
I hope you think that's fair  
'Cause you've only got one life to lead  
So don't take for granted those little things  
Those little things are all that we have  
Forget everything just for tonight  
We'll sing like everyone when they're alone  
'Cause I've been waiting for tonight to say  
Whoa, whoa  
Let's believe that if we all stand together  
We're a force that could shake the whole world  
For once we're doing something right when we say  
Whoa, whoa  
I said whoa, whoa, whoa, whoa  
Let's forget everything...'Cause I've been waiting for tonight to say  
Whoa, whoa...
