

# My Love Will Never Die

## The Channels

I know, I know I  
Love you  
And I really love you so  
Need you,  
And I'll never let you go  
Honey,  
My love for you will never die

So come on,  
Oh girl,  
I want you to hold my hand  
Tell me  
That I'm your lover man  
Honey,  
My love for you will never die

The more I beg of you baby  
The more I'll understand  
With love so (necessary?)  
That's why I  
Just gotta be  
Your man

Ohhh, come on,  
Oh girl  
I want you to hold me tight  
Please  
Kiss me baby  
And make me know how much you  
Love me  
My love for you will never die
