Burning Flies

Looper

I'm quite happy burning flies
I'm quite happy burning fliesThey went to fly a kite
They took a case of beer
They asked if I would come
But I'll be all right hereI'm quite happy burning flies
I'm quite happy burning fliesI don't need fancy things
I don't watch much TV
And while they fly the kite
Don't feel bad for meI'm quite happy burning flies
I'm quite happy burning fliesKarla Valdarama on the beach at Balmaha
With a disposable cigarette lighter
Kara Valadarama underneath a tree
Burning fliesI'm quite happy, I'm quite happy
I'm quite happy, I'm quite happyI'm quite happy burning flies
I'm quite happy burning flies
I'm quite happy burning flies
I'm quite happy burning fliesDie, little flies
