

# Step Down

## D-Railed

Step down  
Come on  
In the underground, integrity lies within  
In the underground, the image doesn't mean a thing  
When the substance lack, plain for all to see  
If the deal is right then respect is where it should be  
It should be, it should be, it should be, right  
For the fakes and frauds it's a fucking fashion show  
Total compromise will have them sell their soul  
All the negative, all the useless influence  
All the emptiness, all the violent detriment  
Makes no sense, makes no sense, makes no sense, no  
Please have more, more to give, more to give  
Fashion and images, images  
Please have more, more to give, more to give  
Than fashion and images, images  
Caught up in a trap of media crap, God, that's no way to live  
Caught up in a trap of media crap so little to give  
Caught up in a trap of media crap that's no way to live  
Caught up in a trap of media crap so little to give  
Let's go, nice and loud  
In the underground, integrity lies within  
In the underground, image doesn't mean a thing  
We can do away with this negativity  
It's a golden day, we can force them to step down  
Step down, step down  
Get down mother fucker  
Fuck it
