

What Is Love (feat. V. Bozeman) - Songira.com

Empire Cast

I would tell you that I love you tonight
But I know that I got time on my side
Where you going
Why you leaving so soon?
Is there somewhere else that is better for you
What is love if you're not here with me
What is love if it's not guaranteed
What is love if it just ups and leaves
What is love if you're not here no more
What is love if you're not really sure
What is love
What is love
Told myself I wouldn't cry when you're gone
But I know its easier said than done
Look at me, look at me
Choked up now
Trying to tell you but it won't come out
What is love if you're not here with me
What is love if it's not guaranteed
What is love if it just ups and leaves
What is love if you're not here no more
What is love if you're not really sure
What is love if it just ups and goes
I can't live without ya (I can't live without ya)
I can't live with ya (I can't live with ya)
What goes around will come right back around
You won't know til it hits ya
We were suppose to be (an empire)
It was suppose to be (an empire)
We were suppose to be an empire
What is love if you're not here with me
What is love if it's not guaranteed
What is love if it just ups and leaves
What is love
What is love if you're not really sure
What is love if it just ups
